{ I'm so proud of the wonderful spelling scores!! }

www.msprosisefirstgrade.weebly.com

- Starting today, students will be bringing home math flashcards. Those that come home will be the math facts that will be minute-tested at the end of the week... Each week's facts will change. By the end of first grade, it is expected that each student knows their facts up to 20. Please review these facts as part of the weekly homework.

- At least 10 minutes of reading EVERY night, and spelling and math fact practice. This is so important and a great time to spend with your son or daughter.

- In social studies in January, we have so many great topics to talk about! We will be looking at:

-Dr. Martin Luther King Jr.

-Winter weather

-Polar animals.... Penguins!

- On Friday, we will be watching a play, "The Jungle Book" provided to students from the PTC and Ms. Patti

THANK YOU First Grade Parents!

Ms. Prosisé
