

{Ysabella, you were a star this week! Thank you!}

• Thank you to our friends who show a respectful heart <3

- Please be sure that students are practicing **FLUENCY** and using their "books in a bag". Mrs. Delagarza is helping us exchange books and will be finishing the group next week. If any parents would like to come in and begin listening to students read, please let me know. I would LOVE your help and the students would love seeing you.
- If you want to *challenge* your student, don't forget to check out the activities and resources on the back of this newsletter! There are projects and tips to work on with them:)
- Don't forget math flashcards. Keep them in a baggy or envelope. Those that come home will be the math facts that will be minute-tested at the end of the week... Each week's facts will change. By the end of first grade, it is expected that each student knows their facts +/- up to 10. Please review these facts as part of the weekly homework in order to be prepared for 2nd grade!
- Next week in reading and social studies, we will be **DIVING** into penguins and learning about their habitats, body and life cycles :)
- Next week we will measure ourselves to the Emperor Penguin!

HAVE AN AWESOME WEEKEND,
The kiddos deserve a treat:)

Ms. Prorise

Math

This week's math focus:

-Unit 4: Groups of 10

-tens

-ones 

-combined tens and

ones
