WE WERE FEELING BLUE THIS WEEK! :)

www.msprorisefirstgrade.weebly.com

- First and foremost... finally! It is finally "spring!" This weather has warmed up our hearts... we have had a wonderful week. Most students are coming home with green and blue days! This makes our learning so enjoyable!
- This week we explored the skill of "problem and solution." Challenge your student to find this in their stories they read for practice at home.
- Reminder to always practice math facts- even with our busy schedules, we can practice out loud in the car, at dinner, or on a walk.

Important Dates

Thursday:
3/17- 1st GRADE MUSICAL 7pm
(Students here by 6:40)
