## 5 STARS TO THE PERFORMERS OF SQUIRM!

[www.msprosisiefirstgrade.weebly.com](http://www.msprosisiefirstgrade.weebly.com)

I am so proud of my students on their performance!

This week we continued to explore the skill of "problem and solution." Challenge your student to find this in their stories they read for practice at home.

This week we explored the stories and magic of St. Patrick's Day. We read a few fun stories, and Participated in St. Patrick's Day math centers.

Students also created their own SOLUTION to a problem in "Leprechaun on the Loose" and "The Night Before St. Patrick's Day"

I'm sorry that "Books in a Bag" are late. If any of you would like to come in and listen to students read once a week, we would love to have you:)

:)Ms. Prosisie
