We have had a great week!

- I am also sending this newsletter as an email this week, I hope you all receive it. Please use our class website as another way of staying in touch with the class.

- The past three weeks we have worked on improving our classroom procedures and soon enough they will become routines. Students are improving each and every day!! **This week ask about behaviors while visitors are in the room. There will be times when they have a substitute and students are expected to show the same respect. Also remind your student to be a good listener!
- Please remember that quality time practicing with you helps create strong learners!

- Our partnership is important!

Please always feel that you can call, email or write to me!
